Junior Charm Fashion Show Set for Today

Today at 4:30 p.m. will be the end up Fashion Show of the class in Junior Charm which has met weekly for the past seven weeks at the Torrance YWCA, 2320 Carson St., Torrance. Girls from 12 to 14 learned the rudiments of general charm, skin care, hair styling, tasteful clothing, modeling, and tea etiquette. Local firms who volunteered their services include Robert Hall Clothes, the Flavio College of Beauty, Southern California Edison Co., and the skin care session was taken care of by students from El Camino College. Mrs. Wapeta Bereda instructed the girls in modeling. About 30 Junior Charmers will model their own clothes and an additional 10 girls will model clothes supplied by Robert Hall Crenshaw Store. Other Junior Charmers will act as hostesses

CHAMBER MUSIC

Appearing in a program of chamber music tomorrow evening at 8:30 p.m. in the Campus Theatre will be the Cosmopolitan Chamber Ensemble. The concert, sponsored by the El Camino music department and the American Federation of Musicians, will be open to the general public without charge.

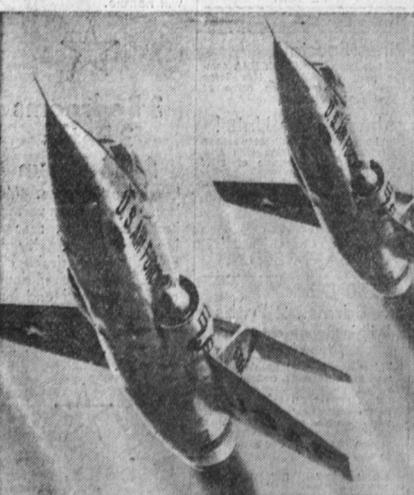

The Automobile Club of Southern California says that choosing the proper lane—and staying in that lane—is essential to safe driving in heavy traffic. Weaving from lane to lane in heavy traffic in an effort to get ahead fast is a dangerous driving habit.

and will serve cookies, coffee and punch. The two adult models will be Mrs. Lorentz Voien and Miss Virginia Burton. Marilyn Moy will perform two piano solos during the program. The commenting for the show will be done by Miss Jane Hunter representing Robert Hall Clothes and by Mrs. Joel S. Canby, Director of the Torrance YWCA.

WHAT'S DOING

R. S. Pyle, your Telephone Manager in Torrance

Most folks here in town never think of the telephone company when they see jet fighters tracing vapor trails through the sky. But the fact is that phone people are helping to speed up the nation's air defense by making it work almost automatically. We're building a network of telephone lines that are the nerves of a new system called SAGE. They carry signals from radar outposts to control centers in a flash. There, Air Force men see in an instant what's in the air, and can use SAGE's phone lines to order jets or missiles up without a second's delay. We watch over these lines with care, to make sure they're always working for your safety and security.

CALIFORNIA CONSERVATION WEEK

March 7 to 14

California Conservation Week is now being observed throughout the state. This is the 25th Annual Conservation Week proclaimed by the Governor of California and coincides with the silver anniversary of the California Conservation Council.

And this is a good time for all of us to take steps to preserve California's natural resources. Conservation authorities point out that Californians all have a big stake in this, and there are many things we as individuals can do. We can support tree-planting programs that beautify cities and rural areas. We can conserve water at both ends of the pipe line. That means protecting water sources—and not wasting water. We can practice "outdoor good manners" and prevent the littering up of cities, roads, camp grounds and countrysides. And we can all give our support to the conservation clubs that are working to safeguard our soil, minerals, forests, water and wildlife.

If all of us will realize how important these resources are and act accordingly, we can achieve great success during conservation week and throughout the year.
